

**Portland Agility Club presents our Fall Seminar**

**October 11-13, 2019**

**Presenter – Dawn Weaver from England**

**World Championship Gold Medalist with multiple dogs**

**Winner of Crufts & Olympia numerous times**

**Author of “Knowledge Equals Speed” & “To Run or Not to Run”**

**This will be Dawn’s first time presenting in the Pacific Northwest and we are very excited to be able to offer such a high level of training from a world-renowned agility handler and trainer.**

Dawn is known for her unique training methods. Learning from each dog by focusing on what naturally works for them, not what is predetermined by the handler. Her method not only recognizes but openly embraces the idea of agility as a TEAM sport. She allows the dog’s natural ability of reading body language to be a key asset in the equation. Her philosophy is to train dogs in 4 areas: Contacts, Weaves, Verbal’s, and Stays and/or Waits.
